Name _____

Address _____

Phone, Fax, E-mail _____

For analyses including hp, torque, and over 40 other engine outputs vs. rpm, please return to Roadrunner above. Analysis costs are included in supercharger kit costs or available separately for \$19 for a single engine combination or \$49 for up to 5 combinations. Responses such as "don't know" or "make recommendation" are OK below. Use other side if additional space is needed.

Vehicle/Operating Conditions

Intended Use: () Street () Competition (describe) _____

Vehicle (describe) _____

Weight _____

Drive Train (describe) _____

Intended Use Altitude _____

Desired Fuel & Octane _____

Engine

Basic Block _____

Bore & Stroke _____

Pistons & Rings (describe) _____

Heads

Brand & Model Number _____

Compression Ratio or Chamber Volume _____

Ported/Relieved (describe) _____

Cam

Brand & Model Number _____

Timing & Lift _____

Valves _____

Supercharger (describe) _____

Carburetion & Air Cleaner (describe) _____

Ignition: () Top () Front (describe) _____

Exhaust (describe) _____

Water Pumps _____
